TMAPC Public Hearing
March 21, 2018
ZCA-7, Healthy Neighborhoods Overlay
(related to SA-3)

Item: Public hearing to provide a recommendation to the City Council regarding amending the City of Tulsa Zoning Code to add Section 20.060 establishing the regulations of a Special Area (SA) overlay district (**Healthy Neighborhoods Overlay**); to amend Section 10.020 Table 10-2, Section 15.020 Table 15-2, and Section 25.060 Table 25-7 to include Small Box Discount Stores and Grocery Stores as specific uses; to amend Section 10.020-G, Section 15.020-G and Section 25.060-B.3 to include Table Notes for Small Box Discount Stores; to amend Section 35.050-L to include Small Box Discount Stores and Grocery Stores as specific retail use types; and to amend Section 55.020 Table 55-1 to establish minimum motor vehicle parking ratios for Small Box Discount Stores and Grocery Stores. **[See Attachment I]**

- A. Background:** This proposed overlay was initiated by Tulsa City Council on December 20, 2017 to make permanent the spacing requirements for Small Box Discount Stores, as established and defined in **Moratorium, Ordinance No. 23783**, as adopted by City Council on September 20, 2017. The City Council motion to initiate the overlay also included a provision "to consider imposing other requirements and restrictions, as developed in the public hearing process".

As initiated by City Council, the proposed overlay would apply only within the boundaries of following plan areas:

- Greenwood Heritage Neighborhoods Sector Plan (also known as the Unity Heritage Neighborhoods Plan);
- The 36th Street North Corridor Small Area Plan; and
- The Crutchfield Neighborhood Revitalization Master Plan.

[See Attachment II]

Since Council initiation, INCOG and City of Tulsa planners facilitated two community input meetings, on January 29th at Rudisill Library and on February 5th at 36th Street North Event Center. Numerous public comments were received at the community input meetings and on FeedbackTulsa.org.

After reviewing the comments, staff is proposing a Healthy Neighborhoods Overlay in response to the input received from the community. The purpose of the Healthy Neighborhoods Overlay is to modify and supplement regulations in the plan areas listed

above where there is a desire for greater diversity in retail options and convenient access to fresh meats, fruits and vegetables.

These regulations are intended to:

- Avoid and reduce over-concentration of small box discount stores in the area.
- Encourage and streamline grassroots access to fresh produce.
- Encourage a greater diversity of retail activity and purchasing options within the area.
- Allow for a more community-based approach to distributing and purchasing fresh meats, fruits and vegetables options in a specified area.
- Promote investment and development in a community where change is desired.

Comments were made at the meeting regarding the need for exceptions from the spacing requirement for certain situations – as a result, the spacing requirement can be reduced through the special exception process (Board of Adjustment) and two additional exceptions were added to the definition of a Small Box Discount Store: 1) uses that dedicate a minimum floor area of 500 square feet to the sale of fresh meat, fruits and vegetables and 2) uses that meet the definition of a Grocery Store. In addition to the spacing requirement for Small Box Discount Stores, the overlay includes other zoning incentives to facilitate healthy neighborhoods, specifically: allowances for on-site sale of community garden products by right in all zoning districts within the boundaries of the overlay; and a 50% reduction in minimum parking ratios for grocery store within the boundaries of the overlay.

B. Healthy Neighborhoods Overlay Conformance with the Comprehensive Plan

Tulsa Comprehensive Plan

The Comprehension Plan states, "Tulsans want to encourage healthy lifestyles for our children and families...with access to grocery stores with healthy food choices." (page10)

The proposed HNO district will enable innovative parking solutions for grocery stores that want to locate within the plan area. This is a proposed strategy for economic development as recommended in the Comprehension Plan, page 40.

36th Street North Corridor Plan

Land Use Priority 2 – Encourage new development and redevelopment to contribute to the vibrancy of the plan area.

- *Goal 2 Promote a mix of uses in new development and redevelopment.*

TMAPC Staff Report
ZCA-7, Healthy Neighborhoods Overlay

2

11.2

2.2 Zoning changes should support neighborhood-level amenities and retail services (e.g., grocery stores, restaurants, shops) which are close to both single-family and multi-family residential units.

Greenwood Heritage Neighborhoods Sector Plan

- **Goal 7** Enhance local commerce and access to important goods and services.
 - 7.4 Provide municipal incentives for healthy food stores, pharmacies, medical services, and other uses that enhance access to critical goods and services.
- **7.7** Support collaboration among the Tulsa Regional Chamber of Commerce, Greenwood Chamber, and other business development advocates to market commercial development opportunities in the area.

Crutchfield Neighborhood Revitalization Master Plan

- **Goal 2** *Modify current land use practices to more closely reflect the existing uses and conditions within the neighborhood to infill on small lots and ensure compatible infill development in the future. Modify design and land use standards to support improved design as a means of protecting residential areas from incompatible commercial/industrial uses.*
 - Objective 1.D Flexibility in parking requirements to encourage and support the reuse of existing commercial properties and existing, smaller commercial lots.*

The Healthy Foods Overlay (HNO) will provide an incentive to grocery stores by decreasing the minimum parking ratios for grocery stores in the plan area by 50% (Section 55.020, Table 55-1). Community gardens within the HNO will allow for the on-site sales of community garden products which encourages greater diversity of retail activity and purchasing options within the area. Therefore, the Neighborhoods Overlay is consistent with the Comprehensive Plans and applicable small area plans.

C. Staff Recommendation

Staff recommends **approval** of Zoning Code amendments to establish the regulations of a Special Area (SA) overlay district (**Healthy Neighborhoods Overlay**) and amend other relevant sections as shown in Attachment I.

Attachment II: Boundary maps of the area subject to the overlay

STAFF RECOMMENDATION:

Item: Public hearing to provide a recommendation to the City Council regarding amending the City of Tulsa Zoning Code to add Section 20.060 establishing the regulations of a Special Area (SA) overlay district (**Healthy Neighborhoods Overlay**); to amend Section 10.020 Table 10-2, Section 15.020 Table 15-2, and Section 25.060 Table 25-7 to include Small Box Discount Stores and Grocery Stores as specific uses; to amend Section 10.020-G, Section 15.020-G and Section 25.060-B.3 to include Table Notes for Small Box Discount Stores; to amend Section 35.050-L to include Small Box Discount Stores and Grocery Stores as specific retail use types; and to amend Section 55.020 Table 55-1 to establish minimum motor vehicle parking ratios for Small Box Discount Stores and Grocery Stores. **[See Attachment I]**

A. Background: This proposed overlay was initiated by Tulsa City Council on December 20, 2017 to make permanent the spacing requirements for Small Box Discount Stores, as established and defined in **Moratorium, Ordinance No. 23783**, as adopted by City Council on September 20, 2017. The City Council motion to initiate the overlay also included a provision “to consider imposing other requirements and restrictions, as developed in the public hearing process”.

As initiated by City Council, the proposed overlay would apply only within the boundaries of following plan areas:

- Greenwood Heritage Neighborhoods Sector Plan (also known as the Unity Heritage Neighborhoods Plan);
- The 36th Street North Corridor Small Area Plan; and
- The Crutchfield Neighborhood Revitalization Master Plan.

[See Attachment II]

Since Council initiation, INCOG and City of Tulsa planners facilitated two community input meetings, on January 29th at Rudisill Library and on February 5th at 36th Street North Event Center. Numerous public comments were received at the community input meetings and on FeedbackTulsa.org. After reviewing the comments, staff is proposing a Healthy Neighborhoods Overlay in response to the input received from the community. The purpose

03:21:18:2766(16)

of the Healthy Neighborhoods Overlay is to modify and supplement regulations in the plan areas listed above where there is a desire for greater diversity in retail options and convenient access to fresh meats, fruits and vegetables.

These regulations are intended to:

- Avoid and reduce over-concentration of small box discount stores in the area.
- Encourage and streamline grassroots access to fresh produce.
- Encourage a greater diversity of retail activity and purchasing options within the area.
- Allow for a more community-based approach to distributing and purchasing fresh meats, fruits and vegetables options in a specified area.
- Promote investment and development in a community where change is desired.

Comments were made at the meeting regarding the need for exceptions from the spacing requirement for certain situations – as a result, the spacing requirement can be reduced through the special exception process (Board of Adjustment) and two additional exceptions were added to the definition of a Small Box Discount Store: 1) uses that dedicate a minimum floor area of 500 square feet to the sale of fresh meat, fruits and vegetables and 2) uses that meet the definition of a Grocery Store. In addition to the spacing requirement for Small Box Discount Stores, the overlay includes other zoning incentives to facilitate healthy neighborhoods, specifically: allowances for on-site sale of community garden products by right in all zoning districts within the boundaries of the overlay; and a 50% reduction in minimum parking ratios for grocery store within the boundaries of the overlay.

B. Healthy Neighborhoods Overlay Conformance with the Comprehensive Plan

Tulsa Comprehensive Plan

The Comprehension Plan states, "Tulsans want to encourage healthy lifestyles for our children and families...with access to grocery stores with healthy food choices." (page10)

The proposed HNO district will enable innovative parking solutions for grocery stores that want to locate within the plan area. This is a proposed strategy for economic development as recommended in the Comprehension Plan, page 40.

36th Street North Corridor Plan

03:21:18:2766(17)

Land Use Priority 2 – Encourage new development and redevelopment to contribute to the vibrancy of the plan area.

- *Goal 2 Promote a mix of uses in new development and redevelopment.*
2.2 Zoning changes should support neighborhood-level amenities and retail services (e.g., grocery stores, restaurants, shops) which are close to both single-family and multi-family residential units.

Greenwood Heritage Neighborhoods Sector Plan

- *Goal 7 Enhance local commerce and access to important goods and services.*
7.4 Provide municipal incentives for healthy food stores, pharmacies, medical services, and other uses that enhance access to critical goods and services.
- *7.7 Support collaboration among the Tulsa Regional Chamber of Commerce, Greenwood Chamber, and other business development advocates to market commercial development opportunities in the area.*

Crutchfield Neighborhood Revitalization Master Plan

- *Goal 2 Modify current land use practices to more closely reflect the existing uses and conditions within the neighborhood to infill on small lots and ensure compatible infill development in the future.*
Modify design and land use standards to support improved design as a means of protecting residential areas from incompatible commercial/industrial uses.
Objective 1.D Flexibility in parking requirements to encourage and support the reuse of existing commercial properties and existing, smaller commercial lots.

The Healthy Foods Overlay (HNO) will provide an incentive to grocery stores by decreasing the minimum parking ratios for grocery stores in the plan area by 50% (Section 55.020, Table 55-1). Community gardens within the HNO will allow for the on-site sales of community garden products which encourages greater diversity of retail activity and purchasing options within the area. Therefore, the Neighborhoods Overlay is consistent with the Comprehensive Plans and applicable small area plans.

C. Staff Recommendation

Staff recommends **approval** of Zoning Code amendments to establish the regulations of a Special Area (SA) overlay district (**Healthy Neighborhoods Overlay**) and amend other relevant sections as shown in Attachment I.

SA-3, Healthy Neighborhoods Overlay, Tulsa City Council (CD 1) Location: multiple properties that are within the plan area boundaries of Greenwood Heritage Neighborhoods Sector Plan (also known as the Unity Heritage Neighborhoods Plan); 36th Street North Corridor Small Area Plan; and The Crutchfield Neighborhood Revitalization Master Plan (related to ZCA-7)

STAFF RECOMMENDATION:

SECTION I: SA-3

Healthy Neighborhoods Overlay (HNO)

The HNO is a Special Area (SA) overlay. Overlay districts "over-ly" applicable base zoning district classifications to alter some or all of the base zoning district regulations that apply to particular sites.

HNO Purpose

The purpose of the healthy neighborhoods overlay (HNO) is to modify and supplement regulations in a specified area where there is a desire for greater diversity in retail options and convenient access to fresh meats, fruits and vegetables.

These regulations are intended to:

Avoid and reduce over-concentration of small box discount stores in the area.

Encourage and streamline grassroots access to fresh meats, fruits and vegetables

Encourage a greater diversity of retail activity and purchasing options within the area.

Allow for a more community-based approach to distributing and purchasing fresh meats, fruits and vegetables in a specified area.

Promote investment and development in a community where change is desired.
